

DELAWARE WATER GAP PLANS IMPROVEMENTS

Trolley Company Purposes to Open Park in Rear of Castle Inn.

DANCING AND SKATING TOO

Another Concern Is Thinking of Opening Amusement Resort on Mount Misri.

DELaware Water Gap, Pa., Aug. 31.—From the talk of trolley officials of the Mountain View lines, there will be a park placed in the grove at the rear of the Castle Inn before another summer passes. With the opening of 1913 the Water Gap will in all probability have a park, which will include a dance floor, skating rink and other buildings for amusements and attractions common to a park. A company is also considering the possibility of building a park on Mount Misri.

Many of the summer people are enjoying the dancing every evening at the Castle Inn Music Hall. The Tuesday evening masquerade was one of the features of the season.

New York registrations are:
